Handicaps

Northern Ohio Golf Association

Signature of Solon Country Club is a member of the Northern Ohio Golf Association (NOGA). To allow our Golf Members to participate in the many tournaments throughout our district, we must adhere to all NOGA rules and regulations. NOGA is part of the USGA's GHIN system, a stroke control system for handicapping purposes. These procedures will also help your Golf Committee and Handicap Committee establish equitable handicaps for our Club events.

White Tees in Tournament Play

White tees will be available in tournament play (with the exception of Member/Guest Invitational) for all men age 70 and older OR for all men whose age + handicap is 85 or more.

Equitable Stroke Control

Equitable Stroke Control (ESC) is the system which limits the number of strokes a golfer may report for handicap purposes. With the launch of the new World Handicap System in January, 2020, the maximum score you can record for handicapping purposes is NET DOUBLE BOGEY.

If you are out of a hole and pick up your ball to speed up play, mark down the score you most likely would have made. For handicap purposes, you are required to adjust your hole score (actual or probable) when it is higher than the maximum score you can post for that hole. There is no limit to the number of holes on which you can adjust your score.

Posting Scores

After completing 18 holes, the player must enter his or her adjusted score in the handicap computer located in the Golf Shop. In addition, scores from other courses must also be entered into the computer for your handicap computation, using your adjusted score and the course slope and rating. If you have any questions concerning any of the above procedures, please ask one of the Golf Professionals for assistance.

All 9 hole scores as well as all rounds of 13 holes or more are also required to be posted. If you play at least 13 holes, the remaining unplayed holes, for handicap purposes shall be recorded as par plus any handicap strokes that you are entitled to receive on the unplayed holes.

With the implementation of the new World Handicap System in 2020, handicap indexes will be updated on a daily basis instead of twice a month on the 1st and 15th. Since the maximum score you can post on any given hole is now net double bogey, it is important that you confirm your handicap index on the day you played prior to posting your score.

It is also critical that you post your score with the proper date played and course played.

The Handicap Committee is fully aware the Club is to be used and enjoyed by the Members and the above mentioned rule will not apply if a golfer enjoys a few holes while not playing under The Rules of Golf (i.e. practicing while hitting extra shots, etc.). The stroke control and posting procedures have been designed to account for all 9 and 18 hole rounds from the beginning of the golf season to the end of the golf season. **April 1st through October 31st is the active posting season in Northeast Ohio as defined by NOGA.** You cannot post scores for handicap purposes for rounds played in a northern climate between November 1st and March 31st.
